

## **SOCIAL RESPONSIBILITY POLICY**

Agrowork International; It is aware of the need to respect the environment and society, to use our natural resources efficiently, to be sensitive to social problems and to fulfill its responsibilities in these matters.

Agrowork International; Likewise, their employees are aware of their social responsibilities and act accordingly.

The "corporate prestige" resulting from the work carried out in this direction is one of the strongest values of our company.

In addition to its projects in the field of "plant nutrition", Agrowork International also takes part in social responsibility projects and carries out aid activities at different scales.
